Lee Pettyjohn, the youngest of 13, is a devoted wife and a mother of two amazing, miracle children, Braxton and Jade. Residing in Greenville, NC, Lee is an advocate for education, evidenced by earning a BA in psychology, to homeschooling her children while opening a travel agency that now has 21 agents.

As former Mrs. North Carolina and now a State Director, Lee empowers women to discover their God-given inner beauty and strength. Lee has passionately advocated for kids in the foster care system as a CASA/GAL for 25 years. Lee is a true leader, mentor, and role model, dedicated to speaking life to those she meets. Lee has held many impactful positions. However, she says

the most instrumental and life-changing one was being the Client Services Director with the Hannah Center. Lee says she accepted the position to be a blessing to clients, but what the Lord did through them and her colleagues was one of the most blessed and transformative times of spiritual growth in her life!

Join us at the Hannah Gala to learn more about the miracle journey that made her a mom and an advocate for life.
